Seattle, Washington.

Re: 17-B15-366 - Conservatory
Assistants, Volunteer Park
17-B15-226 - Seward Park

Attention: Harry M. Westfall, President

Gentlemen:

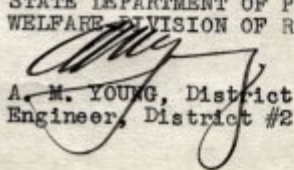

We hold in our files copies of the applications of the above projects, which you sponsored some time ago, approved by the Relief Administration. We have never been able to operate these work projects owing to lack of available work funds.

It appears to us that these projects are of a type which will be of interest to the President's New Work Program. This program is conducted by the Works Progress Administration, Mr. George H. Gannon, Director, Alaska Building, Seattle.

In order to assist in making as many work opportunities available to Mr. Gannon as possible and to clear your way for consideration in the new works program, we suggest that these projects be presented to Mr. Gannon so that they may receive as prompt consideration as possible in view of his numerous problems.

At the office of the S.D.P.W., 410 Olive Way, we have available work sheets of the project application forms. We do not have copies of the official application. If you wish to make use of these work sheets, our Planning Department will give you copies of the same and assist so far as possible in working up the data for your project. Official application, however, must be transcribed to the official forms which you will procure from Mr. Gannon. We suggest your prompt attention to this matter and want you to know that we are at your service in every way possible.

Hereafter no work projects will be conducted by the Washington Emergency Relief Administration or the State Department of Public Welfare, but all such projects pass to the new Works Progress Administration.

Very truly yours,
STATE DEPARTMENT OF PUBLIC WELFARE
WELFARE DIVISION OF RELIEF

A. M. YOUNG, District Engineer, District #2
