Rec'd. Mayor's Office	M K

Action: APR 8 1968 file	

Dear Mayor Braman:

"Seattle must take immediate action on a fair open-housing law!

The murder of Dr. Martin Luther King is a lesson to every thinking person as to the serious extent of our nation's sickness. Our city can become a light on the dark and gloomy horizon of our troubled country, by fighting this bigotry and ignorance which perpetuates unfair housing restrictions.

Your affirmative vote is needed, both for an open-housing law and for the means by which such a law can be enforced.

The time is NOW, -- vote 'yes' for open-housing. "

The above message is being sent to each member of the City Council, and to Mr. David Levine, President Emeritus of the Council. We feel that you have done an outstanding job as Mayor of Seattle, and hope that all possible influence will be directed by you to the passage of this open-housing bill.

Sincerely,

*Mr. & Mrs. Winfield S. King*
