Q2 Do you have any comments or suggestions for the design?

Answered: 54 Skipped: 126

#	RESPONSES	DATE
1	Where's the dog area?	3/14/2021 10:45 PM
2	More than 1 swing accessibility for all people of all abilities save all trees! Lots of different seating areas, away from street Also compost/recycling/garbage all available.	3/13/2021 12:45 PM
3	This is a non-accessible design. Boulders and logs for my children in wheelchairs? All swings need to be accessible to the most severely physically impacted.	3/12/2021 6:00 AM
4	Add additional picnic tables or benches on the upper portion where the picnic tables are	3/11/2021 7:01 PM
5	Please do something about the low level area, it is always so muddy and impossible to enjoy in the soggy months	3/11/2021 2:48 PM
6	THANK YOU, Seattle Parks Dept for all your wonderful work.	3/11/2021 9:18 AM
7	no	3/10/2021 4:22 PM
8	Too little seating? Are there just two benches (plus the picnic tables)?	3/10/2021 1:17 PM
9	What is the maintenance plan on keeping it clean, safe and service resistant transient free?	3/10/2021 10:26 AM
10	Please do whatever is needed to keep homeless people out of our parks. Thank you.	3/10/2021 10:22 AM
11	Shade trees for play area	3/2/2021 6:07 PM
12	Please continue to have multiple structures/areas. Our kid loves playing on the structure with smaller slides as well as the larger ones, plus merry go round and swings.	3/2/2021 3:17 PM
13	Would love it if there were one more exposed to the elements / sun seating option, preferably a bench. When the sun is out, everyone wants to be in it!	3/1/2021 4:57 PM
14	Keep the merry-go-round but remove the swings so that other equipment that do not have a safety zone can be incorporated.	2/27/2021 11:38 AM
15	Please design play area so that it will discourage homeless activities and tents.	2/27/2021 7:48 AM
16	Add a basketball hoop!	2/26/2021 1:47 PM
17	Ensure landscaping is sustainable with minimal active maintenance.	2/25/2021 7:57 PM
18	no	2/25/2021 12:15 PM
19	Please fill in the entire park, because it's too muddy to use most of the year.	2/25/2021 8:18 AM
20	If there is no shade on the equipment, please make sure it does not get very hot in the sun. The arboretum play structures are exposed and even on moderately hot days the slide heats up so much that it becomes unusable.	2/24/2021 10:09 PM
21	I worry there's now too much seating and not enough play elements. I actually like that there aren't a lot of places to hang out and loiter.	2/24/2021 9:19 PM
22	-Have exercise Elyptical equipment like they have at the park on MLK in the CD. Adding that equipment would be one way to make it accessible for older people.	2/24/2021 6:30 PM
23	I like design A, best. It's nice for there to be dedicated space small children and places for parents to sit and observe kids.	2/24/2021 5:55 PM
24	I've seen lots of kids riding their bikes or scooting in a loop around the park because our streets are too dangerous. This design eliminates that option.	2/24/2021 4:52 PM
25	Option C: Bird House	2/24/2021 1:11 PM

Spruce St Mini Park Play Area Survey #3

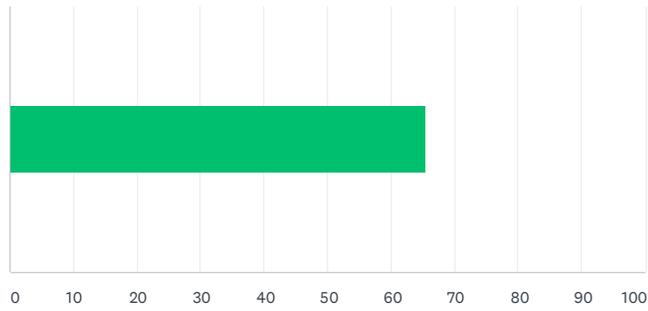

26	Looks great!	2/24/2021 11:59 AM
27	I can't tell in this design if there will be visibility through the planter and plants in the NE corner. Being able to view the playfield from the playground is important. You've probably gotten this feedback a lot, but I'll re-iterate as well-- the playfield is in major need of revamping, as it gets SO muddy, and is used as an off-leash dog area every day, all day. It is not a welcoming space for my family, and we live half a block away.	2/23/2021 3:28 PM
28	More play Area	2/23/2021 9:48 AM
29	More picnic tables would be great! Thanks!	2/22/2021 4:49 PM
30	More seating areas like benches and picnic tables would be great!	2/22/2021 4:01 PM
31	I would love to have more picnic tables	2/22/2021 3:59 PM
32	play area for the kiddos is most important so the playground should be the biggest part of the photo.	2/22/2021 3:50 PM
33	Looks like a good plan overall. Will there be a toddler-specific structure? That's one of our favorite things at Barnett & Frazier.	2/22/2021 3:42 PM
34	Keep the existing path for better access.	2/22/2021 6:44 AM
35	I like removing the path between center and east play areas; they were definitely tripping hazards. The paved path around the field is great too; we have lots of fun racing around it. Please take care of roots breaking the asphalt.	2/21/2021 8:53 PM
36	It's nice to have the toddler and big kids swings together for multiple ages families.	2/21/2021 8:23 PM
37	Spend money carefully	2/21/2021 8:05 PM
38	Not	2/21/2021 7:51 PM
39	the path from 21st Ave S should continue to the light green area rather than back tracking I am thinking of the psychology of people want to cut across a corner and what seems like a natural flow.	2/21/2021 5:21 PM
40	The seating area is relatively far from the other portions of the park.	2/21/2021 4:30 PM
41	It looks great...the layout is good. The steps with seat wall is a great opportunity to include an inspirational/historical message on the risers of the steps.	2/21/2021 2:38 PM
42	The mud pit behind the play area; can we mitigate the mud	2/21/2021 2:36 PM
43	Adults would also like to sit under trees and enjoy the park. And the drainage needs to be greatly improved for the lawn area. A tasteful wall mural on the concrete wall that appeals to multiple age groups would be nice.	2/21/2021 1:40 PM
44	plz make it tasteful not garish. choose more timeless look	2/21/2021 1:17 PM
45	I would consider making more boulders as seats available. They make for fun balance play for kids, sitting area for adults, and natural borders of the play area.	2/21/2021 11:17 AM
46	No	2/21/2021 11:13 AM
47	The surrounding pictures aren't very inspiring for a redone play area/ park but the schematic seems fine.	2/20/2021 10:09 PM
48	Addition of picnic tables and low seating walls is great! Would be nice if there was still a loop - looks like the area behind picnic tables is no longer in the loop?	2/20/2021 7:55 PM
49	More seating	2/20/2021 7:18 PM
50	It is helpful to have lots of seating around the playground for parents to keep an eye on their kids	2/20/2021 6:59 PM
51	I would just like it to be really beautiful, a good amount of swings, and pretty natural elements. The children in this area deserve a really cool park!	2/20/2021 6:55 PM
52	Include black artists and history please	2/20/2021 2:59 PM
53	I like the northern part best- steps with seating and the picnic tables	2/19/2021 8:09 PM

Spruce St Mini Park Play Area Survey #3

54	Will this design address drainage issues in the middle of the park?	2/18/2021 5:22 PM

#	RESPONSES	DATE
1	There's too much plastic in play spaces.	3/14/2021 10:48 PM
2	As much recycled material as possible/minimal plastic would be really nice. Earth concious/environmental design Music is a very important element/tactile things for children with different learning abilities	3/13/2021 12:53 PM
3	Possible to add a water feature?	3/12/2021 11:03 AM
4	My children are in wheelchairs. Your proposal is entirely inaccessible.	3/12/2021 6:03 AM
5	rainbow colors would be better	3/11/2021 7:29 PM
6	Lots of lights	3/11/2021 5:52 PM
7	I like them all, but the bird house one has duplicate features of other play areas. So I like the uniqueness of the color crayon and the shadow one	3/11/2021 9:25 AM
8	Hopefully the project doesn't drag on and on like at Pratt Park, our other neighborhood park that has looked like a war zone full of fencing for the whole pandemic and has been "ready in a few months" for years and years now.	3/10/2021 8:06 PM
9	seating for parents along the edges	3/10/2021 10:44 AM
10	thank you for including a play area for 5-12yr olds. I noticed that once my kids were 7yrs+ there didn't seem to be a place for them on most playgrounds yet they still wanted to play.	3/10/2021 10:38 AM
11	It has to be kept clean, safe and service resistant transient free.	3/10/2021 10:29 AM
12	Please do whatever is needed to keep homeless people out of our parks. Thank you.	3/10/2021 10:24 AM
13	thanks	3/10/2021 9:33 AM
14	Thank you for the opportunity for us to weigh in. We can't wait to use the new playground! We like the Crayon Box!	3/3/2021 1:16 PM
15	Lots of climbing features	3/2/2021 7:22 PM
16	I wish you considered using more sustainabe and natural materials, like different types of wood and cork. Grounding elements make the playground look more inviting to children, and are easier on adults' eyes, in my opinion.	3/1/2021 5:03 PM
17	Utilize the lower space so that people aren't using it as a dog park; move the 2-5 area furthest away from the street; select the option that has the most durable elements that will not wear over time (climbing walls are nice, but tend to become worn very quickly).	2/27/2021 11:47 AM
18	Lots of swings!	2/26/2021 9:40 PM
19	Add a basketball hoop :)	2/26/2021 1:50 PM
20	we bike the park a lot. please keep equipment away from crossing paths. Please retain natural climbing areas near greenery/trees by mounding or using a new material to protect trees/shrubs	2/24/2021 9:31 PM
21	-The play equipment should also have exercise equipment for teens and adults. We need areas in which we can also exercise and play -There should be a handwashing station. Also, you should think of other things that would be beneficial to build at the park to keep people able to clean their hands. I think there should be a message asking people to wash hands before entering (soap provided as well). The washing station should be motion sensed so we don't have to use our hands to turn it on and off (or at the very least have a foot pedal to turn	2/24/2021 6:42 PM

Spruce St Mini Park Play Area Survey #3

on the water (warm water, not cold). Soap dispenser should be contact free as well. -There should be history throughout the park giving the history of the CD. William Grouse and others and not just using their names but giving the rich black history of Seattle. I noticed that that priority was low on the list of surveyed people, and that is a problem. Our history shouldn't be erased. Please plug in with the African American museum and Africatown to get suggestions on how to make this park have embedded black culture in it. SO when people come to this park, it's to play and learn. It should be a park that is embedded with history. -create a track around the perimeter of the park for those wanting to jog, skate, or maybe bike ride. -There should be an area for people to plant gardens (free of charge) -

22	Keep dogs out and actually enforce leash laws. Kids should be able to play without worrying about getting bites or stepping in poop.	2/24/2021 5:58 PM
23	only concern for the music play area is about how loud it would be. maybe the neighbors wouldn't enjoy it so much.	2/24/2021 5:57 PM
24	Swings get used a lot. Kids seem to love to climb, run around on platforms (playing tag), and sliding. Spinning options that kids can push and spin on their own are a plus. Benches and hidden areas often get used for nefarious activities—watch out for that. But please please please don't get rid of a way for the kids to ride around on their bikes or scooters.	2/24/2021 4:59 PM
25	This seems to be a playground that is loved by 1-6 year olds and to keep it as inclusive for them.	2/24/2021 4:16 PM
26	Realize your scope of planning/activity is limited to play structure, but drainage needs to be addressed at some point.	2/24/2021 1:22 PM
27	Is good for happy and hyperactive kids☺☺	2/24/2021 1:19 PM
28	I don't like the layouts where older children and younger children are separated. It is best when the play areas for 2-5 year olds and 5-12 years olds are close to each other. This is good when older kids are playing with younger ones, as often happens when they are siblings or go to the same school. Plus, if a single parent is at the playground with multiple kids, then it is easier to participate in what multiple-aged kids are doing at any given time. I very strongly feel that putting the two playgrounds at opposite ends of the park is a bad idea.	2/23/2021 9:21 PM
29	Climbing!! Place seating between road and playset so that adults are between playset and any escape routes	2/23/2021 8:54 PM
30	A large percentage of families in our neighborhood have dogs and they already use the park for exercising their dogs. A designated dog run and dog waste receptacle would be helpful.	2/23/2021 4:05 PM
31	I'm concerned that two of the three options have the 2-5 play area on the corner of 21st and fir. We have a lot of cars that drive fast on this street, and I worry that having the younger kid play equipment off to the side will make families with kids who are using both sets of equipment less likely to notice their young child wandering into the street. Having it tucked into the NE corner is a protective factor for the youngest play area users!	2/23/2021 3:39 PM
32	Colorful colors	2/23/2021 2:56 PM
33	Creating a space that is accessible for children of all abilities is so important in our neighborhood. Please consider designs that include adaptive swings, play equipment accessible by ramps, and designated quiet/ break areas, etc. so that all children can enjoy.	2/22/2021 9:03 PM
34	Climbing elements, that provide long-lasting play, rather than a quick thrill.	2/22/2021 6:56 PM
35	More picnic tables	2/22/2021 4:44 PM
36	More lighting throughout the park and the play area would be wonderful!	2/22/2021 4:15 PM
37	Its very important that the play area is big and spacious with multiple different options to keep children busy and having fun!	2/22/2021 3:54 PM
38	I love the net bridge feature. My 2 yo has been getting more adventurous and has been enjoying the more advanced bridges at Frazier & Pratt. Layout-wise, I'd like to see the younger kid's play structure in the more recessed corner. That's not the biggest deal though, as the toddlers will be more supervised so maybe it makes sense to have them out on the corner? Colors, what about Bright Cultural?	2/22/2021 3:50 PM
39	Little kids in back with seating and bigger kids in front 4 and older	2/21/2021 9:31 PM

Spruce St Mini Park Play Area Survey #3

40	Will there be a new drinking fountain? That would be nice.	2/21/2021 9:00 PM
41	Biggest wants are swings together and a merry go round.	2/21/2021 8:36 PM
42	I really like the crayon box play equipment but would prefer if you would keep 4 swings like there are now	2/21/2021 8:29 PM
43	So excited	2/21/2021 6:19 PM
44	We need a fairy play house. Kids would have a ladder to climb up and play in the fairy tiny house. (But not too tiny.) it's round and big. - Joan (age 5)	2/21/2021 4:37 PM
45	There are never enough swings. Seating options are always good and open lawn, too.	2/21/2021 2:51 PM
46	The apartments behind current 2-5 year old and ply area separation (found needles in wooded area once) Mud area in middle of the park; can we allocate funds for this area Between mud area and play structure more gradual transition. Currently big drop off	2/21/2021 2:43 PM
47	Filled this out with my daughter (7) who plays there daily. She's ecstatic about the Crayon Box. Climbing nets get wet and moldy very quickly in the PNW and I've never once seen a child play with the musical features of a playground.	2/21/2021 1:55 PM
48	Please don't put any "musical instruments" in this park. They're not that enriching for kids, but they're loud and highly irritating for adults. I don't understand why all the layouts bring the play equipment to the front of the park close to the street. Play equipment is generally unattractive. The park would be much prettier from the street view to have the trees, grass, and picnic benches in the front, and play equipment toward the back. It would also be safer to keep kids sequestered and further away from the street.	2/21/2021 1:52 PM
49	earthy cultural theme is so nice and birdhouse design evokes nature and our pnw surroundings. nice to have in the city for kids to have access to this kind of environment and feel	2/21/2021 1:21 PM
50	I really like the Shadow Play structure. Things I worry about are the layouts for play. Keeping the toddler and older child play near each other helps for social development among children as older kids and younger kids will have a chance to intermingle. I can't imagine a family with multiple children ranging in age will want to feel like they can't play together in the same area. There is something more to say about separating the spinners and swings as those are the most dangerous toys on a playground. I would still love to see a place for digging in sand or dirt for children who need more sensory exploration. Another area for improvement can be the music. I think having the music instruments near the center of the playground or near the entrance is a good idea. We also need to think about how older kids will interact with the music instruments. If we make the instruments too childish, then only the young kids will explore it. Also, if we position the music toys too far from the rest of the toys, nobody will notice them. Finally, the color pallets need to be representative of the neighborhood. I'd be interested to see a pallet similar to pan-African colors such as red, green, black, and white. Overall, I like the size and seating amount.	2/21/2021 11:41 AM
51	(Answers submitted with parental help by a 5 year old in the neighborhood who frequents the current park. He chose his winning design based totally on the cocoon spinners which he loves.)	2/21/2021 9:28 AM
52	Having swings is important and I liked the two baby swings and two regular swings in the birdhouse option best. The spinning toy in the crayon option seems closest to the current awesome merry go round which we will miss. 2-5 year olds rarely stick to the little kid area. I understand the need for one but reducing the little kid big toy in order to provide enough swings makes sense to me.	2/20/2021 11:17 PM
53	The more swings the better! Those are always high interest play areas for all ages and there are never enough. I also loved the music elements in the bird house playground. I love the bird house the best! I didn't see cultural elements come through in any of the 3 options - how will this be incorporated?	2/20/2021 10:17 PM
54	Please make sure that the swing crossbars are high enough that the big-kid swings can really swing high, and the merry-go-round can actually spin fast. (In my experience at lots of neighborhood parks, those merry-go-rounds with the climbing structures on them don't spin very well and kids don't play on them -- but they are all over the traditional-style fast ones).	2/20/2021 9:46 PM

Spruce St Mini Park Play Area Survey #3

Kids crave adventurous movement and swings that don't swing high and spinners that don't spin well aren't very satisfying to kids over age 4 or so.

55	Reduce the decks - add more play! Focus on the nets, climbing, slides, swings, balance, spinning, etc. Picnic tables and seating are great addition.	2/20/2021 8:08 PM
56	I would like space to have shade	2/20/2021 7:22 PM
57	We love living near this park and would appreciate any possible additional lights in it during evening hours to keep things safe and visible! Thank you!	2/20/2021 7:02 PM
58	Firstly, I love that all the options integrate swings and a merry go round. There was a lot of talk of discomfort around the neighborhood when we all thought perhaps those would be removed! I'm excited it's getting updated, and I think nice natural colors and a good variety of play structures is important. Seattle has such beautiful nature and people flock here in part because of that, so I think the park should highlight that. The cool colorful window things in the Shadow Play design will look so neat when the sun comes around!	2/20/2021 6:59 PM
59	Make it family and different ability friendly please	2/20/2021 3:02 PM
60	I am an adult	2/20/2021 1:56 PM
61	We love nature! Plant more climbing trees and native plants and huge rocks to climb and jump from.	2/20/2021 12:57 PM
62	This park isn't a magnet for kids from all over to come and play once. The kids who play here do so several times a week, if not every day. The play equipment needs to be fun and versatile to be used in new and fresh ways to keep the kids' bodies and imaginations active.	2/19/2021 8:27 PM
63	I like the second arrangement best, but it could use more swings, like the third option.	2/19/2021 8:16 PM
64	Please make sure there is a lot of seating for the grown folks watching the kids while they are on the equipment.	2/19/2021 5:18 AM
65	Lots of kids pass this coming from WMS, seating/play options should be designed with middle schoolers in mind too.	2/19/2021 12:44 AM
66	Is there an option for a community bulletin board?	2/18/2021 5:24 PM
