

Clay St crossing improvements starting as early as mid-April

PROJECT OVERVIEW

We are making crossing improvements to several intersections throughout Seattle to improve safety and access for people walking, biking, and driving. New curb ramps and crosswalks will be added to Clay St and Alaskan Way, improving safety and accessibility at this wide intersection. The Freight Program is funding these improvements.

SCHEDULE

Construction is expected to start as early as mid-April and last approximately 8 - 10 weeks. Crews will generally work 7 AM to 5 PM, Monday through Friday. This work is weather-dependent, and the schedule is subject to change.

WHAT TO EXPECT

We will minimize construction impacts as much as possible. During construction, please expect:

- Temporary and intermittent traffic and lane restrictions and/or pedestrian detours; signage and flaggers to direct people through the work zone
- Possible side street closures, which will be communicated in advance
- Noise, vibrations, and dust during work hours
- Equipment and materials near the project area
- “No Park” signs placed in work area 72 hours in advance of work starting

Improvements at Clay St/Alaskan Way. Image not to scale.
